

The Blueberry Cake Blues

By The Teens 15-19 and the Band from Aurora, IL. U.S.A. 25-7-03

We came to study English
We played some volleyball
Learned judo — played mini-golf
And Tony took a fall
Mike talked about dreams
While our stomachs growled
We all sang “PARTY”
And heard Simon howl

Chorus:

There are some who have had it
And some who have not
But either way you slice it
The blues is what you got
B-B-B-B-Boruvkovy

We learn English all day
And disco all night
We’ve made lots of friends
Through cake and Coke Light
The sky is so blue
And so is the cake
So make some time at the end of the day
To take a blueberry break

Dressing up for the evening
Disco is happening tonight
There’ll be singing and dancing
Gotta be looking alright
I ain’t got no lipstick
What’s a poor girl to do
Run to the Put-Put shack
And Paint my mouth blueberry blue

We came to the camp
We made lots of friends
Way up high in the mountains
Now it’s come to an end
Got us thinkin’ ‘bout God
While we’re having some fun
The blueberry cake will stay here
But for now we gotta run
